Even though it's second-hand,
just a little pol-
ishing and it's
as good as new.

I got a nice
line-

I got this at a
garage sale for a
mere ¥2.

Let's see. The
switch is here.

I'm definitely
the queen of
craftiness.

click

YOU'VE GOT
THREE WISHES.
HURRY UP AND
GIVE THEM.

AAB

ARE YOU MY
MASTER?

Well, thanks to about another ten people being laid off last week, we're having to do more overtime to cover the loss in manpower.

How're things at the factory?

I heard a rumor that a major southern corporation is taking over.

Easily!

You were probably just imagining things due to fatigue.

Did you do overtime again?

Yes.

Didn't you say the wedding's next year?

Oh, course not.

Don't forget to invite me!

What?

That's well.

Well, I guess you've got nothing to worry about since you're got ill, huh?

Gets the tub-
er-
cul-
osis
accountant,
you?

Okay, I understand.

Thank you.

Anyway, that pot seems to have faulty wiring, so it's probably best to throw it away.

My name is Sigsworth.

Prince of Hell.

She-

Don't be scared.

Just

Though I've gotten used to this sort of reaction

I'm neither a pervert nor robber.

Idiot?

I'm sorry but I've
not into that
whole prince in
shiny armour
or seductive
vampire stuff.

Look
here.

Please?

Oh yeah.
Americans have
always called us
'prince' and
have a tendency
to be afraid of
us.

My mother
used to tell me
to be wary of
men like that.

Now
then.
Hurry up
and tell
me.

In any case, you get
three wishes. Until
our contract is con-
cluded, I am - re-
grettably - your
servant.

But, what
is this
thing?

The ride
doesn't
matter.

An elec-
tronic rice
cooker.

The wall?

Don't be
have you
leave this
house even
slightly.

My wish is to
sleep for four
hours straight
now.

Now
then, I'll
tell you!

Then I guess that
makes me the
owner of the elec-
tronic rice cooker
for now.

I'll just relax
while I wait

I've waited
two thousand
years, what's
a few more
hours

This will be
the last time
I'll be dealing
with a human,
anyway

Beh,
whatever

As I thought,
you're not just
a hellbender
then. You're a
genius

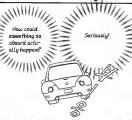

Oh, great -
you're still
here?!

Exactly
four hours.

Don't underestimate my expertise.

Don't worry about that.

Alright.

I'll pay you as many new rice cookers as necessary once we're married.

So let me worry about the money.

But if the rumors are true and the factory closes, we'll both be unemployed.

Thanks, Elliot.

Okay, I'll throw it out later.

Oh yeah,

If I use the garbage collection in town, it'll cost two dollars.

this, how you throw it in the junk yard behind the factory?

Bye-bye.

With this I can say goodbye to the unbelievable hallucinations.

Now let's just get to work.

Frank Wanda.

Afternoon shift today?

Yes, Wanda.

With the drop in employees, things are pretty hectic.

So...

How're things?

You guys should be fine.

But we really don't know when it'll happen to us.

True, we've got to be thankful that we weren't laid off.

Now I'd like to look it over for you now, but if we stop this line, it'll be impossible to meet the quota this week.

I'm really sorry, but please make do till the weekend.

Anyhow, how's the machine?

Yesterday was rough. Wanda almost got his arm caught in it.

Actually, the safety on the press machine's been a little sensitive since last week.

Be careful.

We're in the corner booth. It can't be helped.

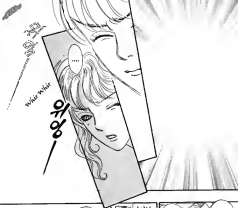

FRANK!

His car will
be secured!

WAKE UP ASH!

Someone
please help!!

Wide-Angle

Sense With the drop in employment, things are pretty hectic.

Yes, we've got to be thankful that we haven't lost our jobs.

The same conversation as before?

How're things?

Fine.

Afternoon shift today?

Yes, Ma'am.

Yes.

What's first?

But we really don't know when it'll happen to us.

Who?

Just
now... Was it
his doing?

Shut!
Myself!

The handle, the handle!

That's an
invasion of
privacy!

Yes, I know, Megan.

Even though I really haven't had a drop of alcohol!

The police and fire chief were really persistent in their interrogations.

Sorry for waking you out so late, Elliot.

There was that fire this morning as well. Are you sure you're all right?

Elliot.

Well, I'm glad you're safe.

That's because Gaea protected me.

Anyway, the car was completely totaled, but there's not a scratch on you. It must be a miracle.

I understand. I'll try
my best to be a
woman that suits
your mother's pre-
cision son.

I'd like the two
most important
people in my life
to get along.

but it'll be
a good
chance for
you to talk.

I know you
two don't
really get
along.

You're fine
the way you
are.

Sleep well,
Megan.

Drive safe.

It all
feels like
a dream.

A great deal
happened
today.

A dream...

No

*It was all
real. I*

Megan

Close your
eyes,
Megan.

What?
!

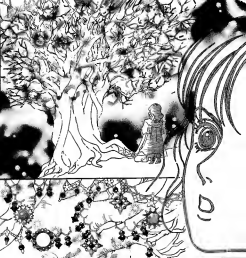

Don't be afraid. I just
came in because there
was something I
want to show you.

*There is a
lady's bed
room! Get
out!!*

*You really
screamed!*

Now,

you can open
your eyes.

If you wish
it, it's all
yours.

Is
this road?

Why?

Most young women years for this stuff with fire in their eyes.

The worst place I go is to the bowling alley maybe once a month?

It's not as if I have any-where to wear any of this jewellery.

Perhaps this is the first time you've seen real diamonds?

She gave my mother an envelope full of money.

I actually only met my grandfather once.

She called it compensation.

Probably but I've never met my father.

It

Don't believe me! If it's diamonds, I've seen my grandfather wear them.

Really? So you're actually from a wealthy family?

When did
your mother
die?

When I was
thirteen.

But even then it
fit shreds in
front of the old
lady

Even though
we were real-
ly poor and
desperately
needed that
money!

She told me "It's
the one moment
in my life where
sorrow brought
happiness"

This stuff doesn't
look right on my
rough and calloused
hands.

In that
case...

I've lived
alone since
then.

I studied
and
worked
and
worked
every day

It was an
accident. She
was only
fourteen.

I survived
because I was lying
down in the back
seat

Where-?

It's your very
own deserted
island.

Every
day is a
holiday.

You can just
sleep the days
away.

In return, there's
no factory, or
rush hour traffic,
or boss to an-
swer to.

It lacks mod-
ern nerve-
lessness but,

I have
laundry to
do.

Just take
me back
home.

You really
don't know
how to enjoy
life.

That's my
wife?

Is some-
thing
wrong?

Or lets that
let you dance
like a fairy

Love.

Then how
about skills like
Pleasure?

Or a value
like Maria
Calder?

I must have
been dreaming

What did you
say?

Oh, that's
already
been said
by

I'm
sorry

What is
going to
happen?

Even so, a good
day after
the other
particular

Megan

What
are you
doing
Megan?

Oh

What?

How's that?

Good!

It

I think something more formal would be better for a book.

Isn't it a little gaudy?

That's that!

Too extreme against.

Yes

This?

Too casual.

Then how's this?

Flash. You're so pretty.

This is going too far!!

Gwen, take a seat Megan
Would you like something to drink?

My apologies,
mother.

Oh I'll have
some leaf
tea, thanks.

You're ten
minutes
late.

The roast is
here! Thanks to
your tardiness.

Mother.

You never know!
She might be
putting on an
innocent act to
look good in front
of me.

Mother

The accident last
night wasn't
caused by drink
driving!

What?

My my, I
thought you pre-
ferred alcohol?

Ta, that's right.
Overtime has in-
creased due to the
lay-offs.

I was just ex-
hausted last night
from working
three shifts over
two days.

She really
is a diffi-
cult person
to get
along with.

I'm just grateful
I wasn't fired.

Shhhh, taking
a nap today
only.

But further passed away at the cost of 49 from working 15 hours a week.

a week at the factory and neither has still hands due to rheumatism from working in the sewing factory.

Elliot.

No. It wouldn't be an exaggeration to say that the livelihood of most people in town depends on the Grillo company.

It's only thanks to that factory that we live as we do.

Wait, Elliot.

If, then you mean far as to live with your mother?

You never mentioned that.

Mr. Miyagi.

I'll take care of you from now on.

However, I'm in management and won't end up like father.

Wow. That would be marvelous.

Oh yeah, and I'm planning to have a garden built in the new house.

You always used to say how you'd love to live in a house that has me, mother.

Yes...ah?

Oh yeah. I'm going to go check on the meat pie. You wait here.

Is that so? Well, let's discuss it later.

Eller!

Wow is - that so.

Only two people in his whole grade went to a state university.

Wow -
Yes.

Eller's always been such a devoted son.

Plus he was always in the top class with his grades.

A little
best friend of
Eller's.

You know the
other person
who went to
university.

I hear she's
a doctor
now.

She's a stunner
who won the
homecoming queen
back in high
school.

What's the
she trying to
make me
jealous?

How that you
survive it,
Kimberly was so
disappointed
when she heard
of Eller's
engagement.

Kimberly?

Geno...?

That's
Geno?

I bought the
bags directly
from Robert
Pruet.

What is it?
Are you
angry?

The result was
a nice touch,
don't you
think?

The person
went on about
the childhood
friend who
became a doctor
to make you feel
bad.

I don't
really
care...

What were
you
thinking?
Why did
you invite
the
lunch?

Your home is a
woman's bag,
and your
mother-in-law
is in a nearby
place of work.

Isn't you
the one who
wanted it
raised?

But I can't
remember
her face.

My mother
had beauti-
ful hands.

Oh,
that!

A woman's
hand should be
beautiful

But I'm grateful
that you found
her hand.

That's why
I'm 1/3
human.

I'm the child
of the king
of hell and
a human
woman.

Did your
mother pass
away when
you were a
child?

Devil's blood
is much
thicker than
a mere
mortal's.

Wait.
Shouldn't
that be 1/2?

Yes. My mother
was human. She
couldn't live long
in our world.

Wait?

However, because
of that 1/3 of
inferior blood, my
father said we
could.

That's when
Lelior
appeared
before me
and cursed
me.

I became a
warrior and
achieved so
much, but my
father refused to
acknowledge me
as his heir.

My mother
was just one
of the king's
many wives,
but I wanted to
earn the title
of prince.

WHEN THIS
CORDS TO PASS,
YOU WILL RISE
TO THE THRONE
OF HELL AND
FORMALLY
SECURE ITS
KING.

IF YOU SURVIVE
GOOD MENARD
AND START
YOUR HEIR,
THE SUPPOSED
HUMAN BLOOD
WILL DISAPPEAR,
AND YOU WILL
BE A PURE-
BLOODED DRAGON.

And you're my
2000th
master,
Megan.

That's right.
There
wishes no. two
left now.

So if you
grant my
wish...

You'll become
the king of
hell!

However,
nothing that
relates to
'love'...

Why is it you
can't grant
wishes relating
to 'love'?

Because a
devil knows
nothing
about 'love'.

No-

Because we
don't need such
a thing as
'love'.

The
factory's
dump site.

This is?

But?
That's
strange.

That's why you
thought you could
get away with
this with us over
the water?

Do you think I'm
looking through the
fence because I want
to?

Today's
Sunday, so
there shouldn't
be anyone
working

What is
it?

I can't
have you
following
me around
24/7!

We need to
find that
house of yours
that stupid I,
your master,
bought

I don't
really care
either
way.

Sorry. It's just
that my head
keeps hurting.

*I don't
know it!*

Don't get
anxious
with me.

I'm not the
one who
threw it
away.

That's
strange. It
shouldn't be
so deeply
buried.

Are you
sure it's
here?

But what
about the
room...?

We should
stop for
now and go
home.

It'll be fine.
Come on.

Yeah..

Magnus?

OH MY
GOD.

By the way,

Yeah, it's
much better
now.

Are you
alright?

I never said I
didn't love
him.

Why are you
screaming Elliot
when you don't
even love him?

I thought all
humans
needed it?

Especially
women.

I'm the
same as
you.

I don't need
something
like love.

But you never
said you loved
him, either.

However,
even when I
return to hell
and become
its king,

I'll never
forget you.

You're
right.

Sorry for
interfer-
ing.

Then call
me when
you've
thought of a
wish.

Ah.

Good.

So I hope you
do too.

I will del-
iberately find
happiness.

What a tem-
peramental
prince.

Yes.

Good.
Wait.

Oh, sorry. I forgot to throw it out.

Why is this here? Elliot.

THE COUSIN...?

I'll definitely do it later...

I'll use it to decorate the garden.

Well... it is.

What? But I thought it was broken?

No, it's alright now!

You haven't forgotten about the party at our house tonight?

Of... course not.

Yes. That's the plan.

Elliot. You'll come over to play poker with my husband, right?

Shh...

We got lucky thanks to Elliot. Otherwise, we'd have had to wrestle with the mafia again.

Shush and get out.

Do...

How are you?

Oh, Kitty.

Margaret

Who's that?

What? He.
That's a
bit...

If it's okay, I'd like
to invite him, too.
Could you pass the
message to,
Mique?

What?

Right, is Rana
still at
Mique's place?

I, just a
friend.

Even you've
got friends I
know nothing
about.

What's his
relationship
with you,
darling?

Oh
bigger
it?

I haven't

Known't you
met him,
Ellen?

Mique's
good friend.

Let's go,
Mique.

Oh it's already
time for the
afternoon
work.

If he's your
friend, I'd
love to meet
him.

Kimberly
for
example.

Mark tells me
not to worry
about it.

We've been
married for 12
years. But I've
never gotten
pregnant.

But we've blown our
savings on the mortgage
and I'm getting on in
years this is our final
chance.

Kitty...

I'll see you
later.

Don't do my
goodness,
what's this.

Come on, you
should freshen up
before the
manager sees
you

Lighten up.

I'll try looking
good to the
party.

Mean...

Magnificent!

Good!

Mark,
you listen
as well!

I've got some
surprising
news.

Good!
What is
it?

Thank
you for
inviting
us.

Doesn't

I was
waiting
for the

As ex-
pected!

Good!
That's
great!

I'm prepared!

I took the
pregnancy
test earlier
and it came
up positive!

Positive!

A guide.

Here
is...

Megan?

I under-
stand.

I'll tell
you the
truth.

He was living in
the electric rice
cooker I bought
at the garage
sale.

He appeared
to grant me
three wishes.

It's the
trick! Goro
has amazing
abilities.

For example, he
moved Frankie's
car, which got
caught in the
machine.

He headed
mother's
hand.

Megan. Are
you drunk
again?

That joke
wasn't
funny at
all.

Elliot!

If you were going to humiliate me, like this after saying 'yes'.

It would have been nice if you had told me that when I proposed.

Well it's difficult dear that you don't know what you want.

What?

Let's go, mother. The show's over.

Elliot
Wait.

Morgan. We should get going, too.

Tight Kitty,
Mark good-
bye.

You too,
Morgan.
We'll be ex-
cusing our-
selves first.

Sorry
Kitty,
Mark.

Love,
take
care ♡

You thanks
for tonight.

People only believe what they can logically justify in their own minds.

But I believed you

Maybe it would have been better if I had you shown them the tree of jewels instead of the disappearing act

It wouldn't have mattered.

If Elliot truly loved you, he would've believed you.

And if you had truly believed in Elliot, you'd have fallen in love with him.

Megan, what you believed in was a fairy tale prince or hero...no.

It's what you loved.

If you had,
Elliot wouldn't
have left your
side.

Then you
should have
wished for
that earlier.

I never even
thought of being
loved by Elliot.

I just didn't
want to be
on my own.

Elliot and his mother
and Kitty will all
forget everything
and you'll go back to
before the party
started.

We would have
ended up this
way eventually.

It's fine.

However,
you would
have left
behind.

Like at the
factory.

If that's your
wish, I'll realize
it so the events
from before
never happened.

It's not
too late.

Before we could
make the mistake
of marriage

In a way,
you helped
us.

Why is this
happening
with the last
person.

Why am I having
such difficulty
grasping the
wish of our long
time chick?

I've been
granting
people's
wishes per-
fectly for
2000 years
to their sat-
isfaction.

What on
earth is
that?

What can I
do to make
Megan
happy?

Everyone
leaves.

Without a
word of
goodbye.

Leaving
us all
alone.

You're just
drowning at
something
that hap-
pened in the
past.

It's
just a
dream.

It's night,
Magan.

My pres-
ence is
drowning
the crea-
tures from
hell.

Glory I
provide.

Magan.

Provide
me.

Please say
goodbye
before you
leave.

I'm
leaving
you.

Good

You're
going to
leave, too,
aren't
you?

SHOOT

What on earth am I thinking?

I can stay with Megan

Goodbye, Hub -

I can never make the third wish -

I'm a god!

I can't lift my curse and go back to hell

The only thing I can do is make Megan happy with the first wish -

But how

How can I make Megan happy?

I'm happy
right now

Why can't I
make a wish
revolving
around
love?

Megan

It's already so late
Has Misa gone to
the factory?

What?

I can't believe I  
overslept on  
my master's bed.

You're up.

Yes!

I left  
early.

Then why  
don't we go out  
for a picnic?

Ah,  
yeah

However, not

today.

Even if  
there is no  
diamond

As  
Pearl's

And

Your  
turn.

Right?

It's a  
place I  
like.

Oh! No. Don't  
let go.

Stop it! Let  
me breathe,  
Good!

Here?

Which is  
it?

Ahhh!

Ah. What a  
beautiful, and  
noble man he  
is.

And he's the only  
person who can  
find him from his  
cave and make  
him the king of the  
underworld.

YOU  
CAN'T!!

I'm going to  
make my  
third wish.

Bro!!

U

Bro.

My  
home

is here.

Didn't I tell  
you I won't  
use any  
magic today?

What are you  
saying? I've  
finally decided  
on my final  
wish!!

Don't you want  
to return  
home  
to the under-  
world?

I want to stay with you forever

you are a

Apparently, all

break out.

The-they's

Why why  
want you to such  
a place on  
Saturday?

What?

Shouldn't  
we really  
concern about  
that?

If the new  
company found  
out about the illegal  
dumping of the AGC,  
they might rethink  
buying out our  
company.

Well then,  
Morgan. Good  
bye! You go try  
to live well with  
your goals or  
whatever he is.

Then  
you're wanted  
your time.

W-wait  
Glad!

Who will  
believe you?

Will you tell them  
that you will  
cancel everything  
while you were  
looking for a  
'good' couple like  
us?

NOBODY!

Good... with things  
the way they are  
now, they'll have  
to pay for the  
proper disposal of  
waste plus taking  
on the heavy  
fine.

I see.

Good!

Would you  
like me to  
introduce you  
to Kimberly?

I think you  
should talk to a  
professional at a  
hospital.

I think that  
I can grant that  
wish without  
having to resort  
to magic.

The takeover  
will be halted and  
the current workers  
will be kept!

So you see, if  
evidence of the  
illegal AC dumping  
is brought to the  
attention of the  
higher ups,

What?

Why?

Wait a  
second,  
Majin.

We can find  
the money  
with our new  
return.

Let's take  
a toll  
people  
from the  
area.

It smells  
like AGG.

If we can  
do that—

Hehe-  
he

Stop  
the  
money

Where did  
the money for the  
Canadian disposal  
come from?

Not  
known.

How that  
you mention it, an  
Ellie's documents

Could you  
take care of  
the money  
while you're  
at it?

Want me  
to go first and  
show away the  
rest?

Our flow for  
another will be  
sustained,  
even if it's  
only by our  
extra income.

Why isn't it working?

What happened?

I can't manage this poor plan...

Larry,  
because of my  
injuries, I'm  
low on magic.

Huh?

Huh...

Now...  
hurry...  
Morgan...

Do you...

Have to wish  
for your life to  
be saved...

Maybe... it

You've  
already given  
me so much more  
than I could have  
asked for ...

You said  
that ...  
I never won't  
grant love.

And I said—I  
don't need  
anything  
like love.

NEEDS SHE 'I  
WANT TO LIVE', AND  
HARD TO WIN!

I think  
we were both  
wrong.

You  
don't need love.

Please  
save  
me.

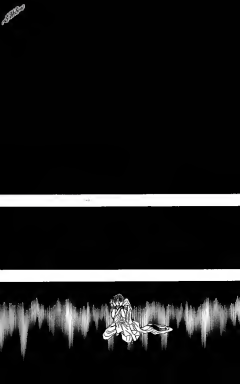

WAKE UP  
AND WHEN TO  
LIVE!

This time,  
it's my turn to  
give you some-  
thing

NOT AGAIN!

Your life...

Idiot.

Higamash.

She...  
is Miquan  
about.

That  
wasn't what  
she wanted.  
Was it?

She  
was the last  
person.

But you couldn't  
meet the requirements  
to find you  
of your own.

You will lose  
your magic. You  
will kneel for the first  
time, crawling on  
the ground like a  
snake.

If that is  
the case, please  
show me mercy  
and kill me  
now.

Higamash.

You have  
failed.

AND PLEASE SHOW  
MERCY IN  
EXCHANGE!

It is due  
to the weakness  
and disgrace I have  
inherited from my  
father's blood.

Higamash.

The one  
arrogant, confident,  
beautiful, and brave  
warrior is brought  
low.

What a  
wretched and  
pitiful scene.

Higamash.

Ishtar...?

You seem to think that you have been spared from corruption due to that thing.

But that thing is the source of blessing.

It was Ishtar you.

Ah...yes.

Please name Ishtar.

The answer lies in you.

Please wait, Ishtar.

ISHTAR

10/11/00

Now, we won't be bothered by the reporters here.

Eller is the reporter who set the bomb at the rubbish dump

Reporters

What?

It was literally dumping the ADC and embarrassing the funds for the proper waste disposal.

And to get rid of the evidence, he tried to kill Mosley.

That's why the media wants your statement as a witness

This way

I love  
you

Magan.

Then, what  
about your  
world?

And the  
throne that  
was your  
dream?

It looks  
like I've been called  
from the under-  
world.

What?

It wasn't  
magic that  
saved us.

It was the  
single power that  
brought him. It  
was 'love'.

love...?

Even if I had  
magic, it's useless  
if I can't love  
you.

What's the  
point of having  
the throne  
without my  
queen.

love...!

And that  
is the power I  
have grasped.

Don't forget she  
was just in a coma  
and in critical condition.  
When you're in front  
of the media, try  
to act with more  
sense, okay?

Oh my.  
Already attempting  
rehabilitation?

WHAT?

You're off!

Leave  
through the

Just kidding

Now that you  
are unable to fly  
away on a  
magic carpet

No,  
Dad

Now that  
you're awake, go  
ahead and leave  
the hospital.  
Hypocrite!

It's way  
better than I've  
ever imagined

How does  
it feel to be  
human?
